ED GOODSON.

It sure is getting popular to
pay poll tax. It is likely that if
you forget to pay yours you'll
have to hunt round a good deal
to find another fellow in the same
fix to console with. You'll just
simply feel out in the cold. You
ought to look at the matter right
and pay—NOW.

West and South-West Texas is
loading up for an immense acre-
age in cotton. Those of us who
expect fifteen cent cotton to last
right on for next season are fool-
ing ourselves.

While we have had some raw
weather no one has feared to
death—no one has had his nose
frozen or his feet severely frost-
bitten. What has been our very
cold weather would be considered
balmy weather by three-fourths of
the people of the United States.
We certainly have the finest
climate on earth.

Making Late Sater.

Everywhere life is being made
more safe through the work of Dr.
King's New Life Pills in Constipa-
tion, Biliousness, Dyspepsia, In-
digestion, Liver troubles, Kidney
Diseases and Bowel Disorders.
They're easy, but sure, and per-
fectly build up the health. 25c. at
Harp Drug Co.

That back-due poll tax will
never get any less. We will al-
ways have a poll tax law like we
have now. Even the Montgomery
Advertiser says so. You'd just
as well pay up and get in the
saddle.

Saved At Death's Door.

The door of death seemed ready
to open for Murray W. Ayers, of
Trambridge N. Y., when his life
was wonderfully saved. "I was in
a dread condition," he writes, "my
skin was almost yellow, eyes
sunken, tongue coated; emaciated
from losing 40 pounds, growing
weaker daily. Violent liver
trouble pulling me down to death
in spite of doctors. Then that
miraculous medicine, Electric Bil-
lets, cured me. I regained the 40
pounds I lost and am now well and
strong." For all stomach liver and
kidney troubles they're supreme.

CITY DRUG CO.

Before this week end the poll
tax payments will run to over a
thousand for Coffee County.
Nearly everybody is going to pay.
Tell your friend to pay. Tell
him how sorry and no-account he
will feel if he does not. Rub it
in a little and get him to pay.

A Wild Blizzard Raging.

Brings danger, suffering—often
death—to thousands, who take
colds, coughs and lagrippe—that
terror of Winter and Spring. Its
danger signals are "stuffed up"
nostrils, in back of head, and a
throat-gripping cough. When
Grip attacks, as you value your
life, don't delay getting Dr. King's
New Discoveries. "One bottle cured
me," writes A. L. Dunn, of Pine
Valley, Miss., "after being 'laid
up' three weeks with Grip." For
sore, lungs, Hemorrhages, Coughs,
Colds, Whooping Cough, Broun-
chitis, Asthma, its supreme. 50c. \$1.00
Guaranteed by Harp Drug Co.

Coleman Resigns.

Judge T. W. Coleman resigned
his place on the board of trustees
of the state university last week.
He represented the sixth district
on the board. His place will be
filled at a called meeting of the
board of trustees to be held at an
early date.

No cause has been given out by
Judge Coleman as to why he re-
signed.

The prices of meat in the great
markets reach a new high level
last week—nearly nine dollars a
hundred for hogs on their feet.
There is a hungry world that does
not get enough meat to eat, and
prices of pork will not go very
much lower in many years. The
farmers who planted some bor-
muda grass to graze his hogs on
an old ground pass to fatten
them on will be doing the sensible
thing.

If the extreme cold weather
kills the boll weevil out as it is
said it will do, or has done, the
next crop of cotton will be the
biggest in years. Very short
crops are generally followed by
very large ones, and we now pre-
dict a fifteen million bale crop
this year.

Greeting!

The Manager and employees of The New York Commis-
sion House send the seasons greetings to the people of
South Alabama, and tender very grateful thanks for a
very liberal patronage through the past year. We are
truly thankful for the trade given us as well as for the
many other manifestations of good will and kindly feel-
ing that has been shown us.

TRULY the people of Elba and Coffee County are
good people, pleasant to live among, pleasant to do bus-
iness with, and quick to appreciate any effort made to
give them better values for their money.

This has been the object of our endeavor through the
past year, to give the best values for the least money,
and the steady increase in our daily sales show that the
people appreciate our efforts along this line and that
more and more of them are coming each month to rec-
ognize this as the store where the same goods are sold
for less money, or more goods for the same money every
business day in the year.

J. N. Patterson, night policeman
of Nashville, Iowa, writes: "Last
winter I had a bad cold on my
lungs and tried at least a dozen
advised cough medicines and
had treatment from two physi-
cians without getting any benefit.
A friend recommended Foley's

TRAGEDY AT MACON.

Man Kills His Wife, Mother-in-Law
and Self.

Macon, Ga.—A dependent and in an
angry mood following excessive in-
toxication, Edward E. Alford shot and in-
stantly killed his wife, seriously in-
jured his mother-in-law, Mrs. Martha
Exum, then turned his pistol on him-
self, firing one bullet into his right
temple and another into his right
lung, inflicting injuries which will re-
sult in his death.

Attracted to the place by five suc-
cessive shots, Officer R. L. Thomas
would also have fallen victim before
Alford's pistol except for the fact that
all five cartridges had been previous-
ly fired.

As the officer walked up the bank
to the place where the three bodies
lay beside a fence, Alford, prostrate
upon the ground and groaning with
pain, turned and snatched his revolver
into the policeman's face.

At the Macon hospital the surgeons
stated that Mrs. Exum would recover.
She was shot through the fleshy part
of the left arm, and through the neck.
Alford's death is but a matter of a
few hours.

Tried to Kill Himself Before.
Alford was an employee of the
Massey-Fellows Lumber company and
was a steady workman. He was un-
der the influence of liquor for several
days, but had become sober. Two
months ago he attempted suicide by
taking morphine. Several years ago
he also attempted to take his own life
in a like manner.
